SMART SOLUTIONS

---

SMART Sanitary are a collection of thoughtfully designed fittings to suit the luxurious ease of contemporary lifestyle. In sync with all the stipulated norms makes us a brand to trust. The beautifully sculpted designs, a visual delight. Technology, research and aesthetics combined to create offerings that are positive for the environment. Come home to advanced living

# CHAIRMAN'S WORLD

“Ceramics is one man made material which has a potential to contribute hugely in our quest to save this earth. Howsoever lofty and boastful it may sound, it is true.”

Dear Customer,  
My Greetings and welcome to the World of SMART where “Quality” is a religion.

Ceramics is one man made material which has a potential to contribute hugely in our quest to save this earth. Howsoever lofty and boastful it may sound, it is true. Out of the three basic needs of humans Food, Clothing and Housing, it is house building activity alone which depletes and damages the environment most. Two most important components that are used in finishing a house come either through Tree felling or through Mining for stones both hurt the environment hugely.

Modern Ceramic technology has played a big Role in making ceramic material a credible alternative to stones and wood and other surface covering materials, I am proud to say that SMART with it's World class R&D and Laboratories has been in forefront in last decade to cooperate with the Worlds's best to bring latest in manufacturing machines and practices to offer innovative, New age Sanitaryware at affordable prices to you.

In this catalogue we showcase our “Sanitaryware”, “Sanitaryfitting” & “Accessories” range of products. SMART unique craftsmanship is so outstanding that they can inspire the design principles of not just your bath spaces but of your entire living spaces.

Over the decade SMART has brought constant innovation in it's product range which has led us to reach a wide product range which has become the first choice of every Earth Loving Architect, Builder and Individuals.

Come and explore, Surely, we have the right solutions you are looking for.

Thank you.

Mohammad Abbas  
Chairman & Managing Director  
Zilver / Smart

## Product Market Segments

Smart products are produced to satisfy the needs of a variety of market segments or project types. The below shows the various market segments serviced by the Smart product portfolio. In the catalogue section of this book, the appropriate market segments attributed to each product are denoted by the relevant icon.

# ELEMENT OF PERFECTION

SMART group is well known for its quality & innovation may it be high end Ceramics standard, Innovative designs of sanitaryware & Fitting Accessories.

# PRODUCT CARE & MAINTENANCE

## Basins :

Clean the basin with soap and water, as and when required. Should stubborn dirt prevail, a slightly abrasive cleaning material such as “Handy Andy” may be used.

## Toilets :

Clean the ceramic pan with soap and water, as and when required. Should stubborn dirt prevail, a slightly abrasive cleaning material such as “Handy Andy” may be used. The same applies to a polypropylene or thermoset toilet seat. Should a wooden toilet seat be used, a damp cloth must be used to clean the seat. No abrasive material must ever be used. The inside of the cistern should be kept free of dirt, as it could hamper the performance of the flush valve and the inlet valve. Should either of these valves malfunction, ensure that any dirt has been removed from all of the seals.

## Urinals :

Clean the urinal with soap and water, as and when required. Should stubborn dirt prevail, a slightly abrasive cleaning material such as “Handy Andy” may be used.

## Maintenance :

The frequency and extent of maintenance required for this product varies according to prevailing site and operational conditions. No regular maintenance is required and spare parts are available for key components.

1

### Technology

SMART has brought the spirit of innovation to the bathroom - a recipe for success that has made it leading supplier of ceramic sanitary ware. Now, SMART is set to use state of the art technology to make everyday life more comfortable and convenient.

2

### Comfort

Comfort will play an essential role in the bathrooms of tomorrow. That's because anyone who values first-class design attaches the same importance to other aspects of their bathroom. SMART has developed the perfect solutions to meet these existing requirements, bringing you the very best that modern bathroom culture has to offer.

3

### Innovative Design

The design plans are sketched out in a way that they stay true to the modern day decor. They will blend into your spaces with a flair of familiarity. The sanitaryware is fashioned in a manner that will acclimate into all kinds of interior decoration style environments. There will be no bargain on quality and look of the creation.

4

### Well-being

Since time immemorial, modern bathroom culture has represented the epitome of cleanliness and well-being. Above all, every SMART bathroom provides not only convenience & functionality, but also a heaven for relaxation. It is for this reason that SMART brings together oriental bathroom culture with Western engineering

5

### Purity

The bathing ceremony has always been an element of modern culture. Cleanliness and hygiene are an integral part of everyday life in modern living, where spiritual and physical purity go hand-in-hand. One cannot exist without the other. This is also one of SMART main principles.

6

### Bacteria Free

The ground breaking Silver Nano technology is being put to use into all the bearings of SMART Sanitaryware. The series is layered with distinct a Nano Ceramic glaze containing Silver Nano particles that is the ions. This will prevent any kind of bacteria to thrive making it absolutely clean and safe.

# WARRANTY

SMART warrants that their products will be clear of material and manufacturing defects. Appraisal of the above will be done against ruling manufacturing specifications and standards at the date of manufacture. Defective product will be repaired or exchanged at SMART sole discretion. SMART shall not be liable for indirect or consequential loss or damage

## THE WARRANTY WILL BE VOIDED UNDER THE FOLLOWING CONDITIONS

- Products used with water pH falling outside of the guidelines set by the Department Of Water Affairs and Forestry or similar body.
- Products not installed by a registered or accredited installer.
- Products used with, or included in installations where water temperatures are outside of the temperature range stipulated for that product, or as laid down in the Standards for water supply and drainage (SANS 10252 & 10254) or an equivalent international standard.
- Products not installed according to manufacturer's installation instructions or according to valid Water Regulations and general good plumbing practice.
- Products which have failed as a result of dirt or debris in pipe-work which has not been flushed prior to the use of terminal fittings.
- Where a defect is attributable to the incorrect use or incorrect handling of the product
- Where routine maintenance has been neglected.
- If spare parts other than the original spare parts are used during repairs or maintenance of the product;
- If damage was caused by transport by a third party transporter.
- If the surface of the product has been scratched;
- Products used or intended for display purposes.
- If consumables (e.g. filters, filter cartridges, aerators or batteries) or material subject to wear and tear (such as seals or hoses) are affected;
- If product damage is as a result of chemicals and cleaning agents, lime-scale build-up, aggressive environmental influences, or disruptions resulting in damage which are caused by freezing or lime-scale build-up.
- If the defect is caused by specific environmental circumstances (e.g. excess or negative pressure in the line, excess voltage or under voltage on the line).
- If the defect is attributable to wilful or negligent damage to the product by the user or a third party. SMART reserves the right to review any specific case in order to assess the validity of this warranty. products or where there is an illegitimate claim.

## MISCELLANEOUS:

This warranty shall apply in the above-mentioned scope and subject to the above-mentioned prerequisites. Proof of purchase will be required.

A photograph of a modern, eco-friendly bathroom. The walls are made of dark, weathered wood. On the left, there is a sink with a chrome faucet and a white soap dispenser. A woman's icon is visible on the wall. In the center, a white toilet is mounted on the wall. The floor is made of dark wood. On the right, there is a concrete wall with several potted plants, including a large green plant and a fern. The ceiling is made of dark wood beams.
